PROFESSIONAL SUMMARY

Full-Stack Web Developer with 3+ years of hands-on experience building scalable web applications using Next.js, React, Node.js, Express.js, MongoDB, PostgreSQL, and MySQL, along with 2+ years of experience as a Technical Writer for enterprise clients such as HP and Kore.ai. Strong expertise in REST API development, authentication, database design, and AI API integration. Contributor to a startup selected for Techstars Boston Fall 2024.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, TypeScript, Next.js

Backend: Node.js, Express.js, Nest.js, Python REST APIs, Sequelize, Mongoose

Databases: MongoDB, MySQL, PostgreSQL

AI & Tools: ChatGPT, Google Gemini, GitHub Copilot, Canva AI, Perplexity AI

Documentation: DITA/XML, Adobe FrameMaker, Oxygen XML

Other Git, Agile, JSON, Postman

LIVE PROJECTS

Shopura – E-Commerce Web Application (Live)

- Tech: React, Node.js, Express.js, MongoDB 🔗 <https://shopura-ecommerce.vercel.app/shop/home>
- Built a full-stack e-commerce platform with user authentication, product catalog, cart, and order management. Developed secure REST APIs for users, products, and orders using Node.js and Express.
- Implemented responsive UI using React.js and integrated it with backend services.

PROFESSIONAL EXPERIENCE

UNITOP EDUCATIONS PRIVATE LIMITED |

TruLeague Project : Software Developer

April 2024 - Present

- Developed and maintained backend services using Node.js, Express.js, and MongoDB, including secure JWT authentication and role-based access control.
- Designed and implemented RESTful APIs consumed by React and Next.js frontend applications.
- Built responsive UI components using React.js and integrated them with backend systems.
- Created API and system documentation using DITA/XML, Oxygen XML Author, and Adobe FrameMaker to improve developer onboarding and workflow clarity.
- Contributed to a higher-education peer engagement platform selected for the Techstars Boston Fall 2024 cohort

HP Project : Technical Writer

- Develop clear user manuals and guides for HP printers, collaborating with engineers to simplify technical details and ensure accuracy.
- Collaboration: Created hardware and software documentation using DITA XML , Oxygen & Adobe FrameMaker.
- Collaborated with frontend developers to integrate backend logic with responsive and user-friendly interfaces using React.js.
- Collaborated closely with QA team to conduct thorough testing and debugging of applications, ensuring high-quality deliverables.

Kore.Ai Project : Technical Writer

- Develop and maintain accurate user guides and technical specifications, collaborating across teams for updates.
- Review, edit, and troubleshoot documentation while creating tutorials and seeking user feedback for improvement.
- Develop software using JavaScript and Node.js in Kore.ai, creating chatbots and extending platform functionality.
- Customize Kore.ai, conduct testing, and collaborate to deliver quality software solutions, providing support and ensuring compliance.

RADTEL | Bengaluru,India

December 2021- January 2022

Technical Writer

- Created and managed content for client products and websites using a CMS, while also developing technical documentation in DITA format for products and services.
- Led UX teams to align content and design with business goals and user needs while collaborating on content style guides and messaging strategies.
- Ensured online content meets brand standards, web guidelines, and legal requirements while continually analyzing user behavior to enhance content effectiveness.

EDUCATION

2018

St. Thomas College BAJMC (Bachelor of Arts in Journalism and
Mass Communication)

KTUJM (Kushabhau Thakre Patrakarita Avam Jansanchar Vishwavidyalaya) MAMC

2020

(Master of Arts in Mass Communication)

ACHEIVEMENTS

- TruLeague Selected for Techstars Boston Fall 2024: Contributed to the development of TruLeague, a peer engagement platform for higher education, which was recognized and selected for the Techstars Boston Fall 2024 cohort. [Read the official announcement.](#)

Certifications:

- Data Structures and Algorithms
- Frontend Development
- Backend Development
- Python
- Kore.ai ChatBot Development (Basic and Advanced)
